---

*Web Developer with over 2 years of experience in designing and developing responsive user interfaces using modern web technologies. Skilled in HTML, CSS, JavaScript, and frameworks like React and Vue.js. Proven ability to write clean, maintainable code, conduct thorough testing, and debug complex issues efficiently. Adept at collaborating with cross-functional teams to deliver high-quality web applications that enhance user experience and meet business goals.*

## EXPERIENCE

---

**Uptura Tech Inc.** | Sept. 2024 - Present

Front-end Mobile developer

- Building business applications and delivering multiple cross-platform apps using **React Native**. Focused on creating intuitive, performant user interfaces and ensuring smooth functionality across iOS and Android devices.

**Zerobstacle Technologies** | Nov. 2022 - July 2023

Front-end Web developer

- Built a dynamic digital form using AngularJS and Material UI for a government client, streamlining data collection and improving user accessibility. Ensured compliance with accessibility standards and implemented real-time validation for enhanced user experience.

**Freelancing** | Aug. 2021 - Present

Web developer

- Assisting students with school projects and programming activities. Delivered simple, functional web and mobile applications while meeting academic requirements and tight deadlines. Gained experience in explaining technical concepts and adapting to varied project scopes.

## **Tetchie's Printing Shop | Feb. 2021 - July 2021**

Layout Artist

- Responsible for designing creative and print-ready layouts for various materials including **tarpaulins, ID cards, mugs, and other personalized items**. Skilled in using design tools to meet client specifications and ensure high-quality visual output for both digital and print media.
